Lourdes – Robin Coursen is preparing the IA amendment with USGA in IGMS for the special account \$\$\$ on the Upper Animas/Cement Creek accounts that you requested the approval for recently. Robin should have this IA amendment done today or tomorrow at the latest and then I think it somehow comes to you for the commitment notice. I would appreciate it if you could process ASAP so that we get this thru before the IGMS service outage occurs later next week. Thanks.

All,

Please share with others as well. Grants will be sharing with your POs.

**Subject:** IGMS SERVICE OUTAGE NOTICE (2/13 - 2/18): IGMS Financial Connection Release (for Grants and IA)

**Title:** IGMS Financial Connection Release (for Grants and IAs)  
**Server & Service** ALL Regional, LVFC and HQ IGMS Servers  
**Dates:** Thu. 2/13/14 10AM – Tue. 2/18/14 8AM - Eastern Time

**Category:** Major Enhancements

**Overview:**

The software used to connect IGMS Servers to COMPASS is now scheduled to be replaced starting Thursday 2/13/14.

This is a significant outage as this affects both Grants and IAs financial actions. More specifically, the final processing of all commitments by FCOs and the obligation of funds for new award or amendments will not be possible during this outage. IGMS Users will still be able to continue to use IGMS for any non-financial actions.

Please plan your work accordingly and relay this message to the appropriate staff (namely FCOs and POs).

I appreciate your patience with regards to this recent change to IGMS. Please contact Wil Etheredge and Brian Colbert, if you have any questions. Thank you.

- Wil
